

LUIS ALBERTO SIGNES

ARCHITECT & ARCHITECTURAL VISUALIZATION SPECIALIST

València, Spain • office@signes.studio • signes.studio

PROFILE

Architect and high-end architectural visualization specialist with extensive studio-side experience directing visual narratives, complex lighting setups, high-fidelity shading, and photographic post-production. Adept at managing technical rendering pipelines to produce evocative, production-ready marketing and competition imagery for international top-tier real estate developments and architectural studios.

PROFESSIONAL EXPERIENCE

Architect & Visualization Specialist

Jan 2024 — Present

DRAWFIELD (Full-time)

Leading high-end commercial archviz workflows, focusing on art direction, look development, advanced lighting setups, material creation, and meticulous Photoshop post-production/matte painting for major architecture and real estate developers globally.

Architect & Visualization Specialist

Oct 2023 — Dec 2023

Boira Visuals (Full-time)

Executed complex architectural imagery within a collaborative studio environment, ensuring strict adherence to production deadlines and top-tier aesthetic benchmarks.

Architect & Visualization Specialist

Jun 2022 — Aug 2023

DRAWFIELD (Part-time)

Contributed to structural staging, exterior illumination studies, and composition frameworks for luxury residential and large-scale public architecture projects.

Architect & Visualization Specialist

Mar 2021 — Apr 2022

GO estudio (Remote / Part-time)

Developed architectural documentation alongside photorealistic imagery for residential and commercial refurbishments, managing asset libraries and material shading.
